- 13+ Years experience in supply of Smart Lockers across Asia and Europe

ISO 27001:2013

ISO 9001:2015

Make in India

## CHALLENGE

### Enforcement Flaws

Manual phone collection at entry points was prone to human error, favoritism, bypasses exposing institutions to risk

### Untracked Access

Lack of access tracking meant no audit trail — a major compliance gap in environments vulnerable to insider trading

### Policy Breakdown

Even well-drafted compliance policies failed in practice due to inadequate tools and tech to back them up

### Outdated Security

Outdated infrastructure led to confusion, low adoption, and even device theft or damage in some of the cases

## OUR SOLUTION

### SEBI Compliance

Lockers meet SEBI compliance standards with secure storage, controlled access, and complete audit trails

### Validated Access

Staff access lockers using biometric scans, OTPs, or QR codes ensuring only authorized personnel retrieve their devices back

### Live Monitoring

Compliance officers can monitor every access event in real time, supported by automated alerts, and detailed access logs

### Tamper-Resistant

Engineered with robust design and secure locking mechanisms, ensure durability, reliability, and protect against unauthorized access

## KEY BENEFITS

### Scalable Across Many Locations

Manage all offices from  
one unified cloud dashboard

### Modern, Paperless, Hassle-Free

All processes are digital,  
ensuring seamless operations

### Instant Audit Data At Fingertips

Built-in logs and alerts  
simplify regulatory compliance

### Prevents Insider Trading Risks

Tech-driven controls prevent  
breaches during blackout periods

### Saves Resources And Time

Automation replaces manual phone  
collection & streamlining operations
